Episode 103 - Sarah Hethcoat
Aired Live : 01-26-2009

Los Angeles based singer songwriter, Sarah Hethcoat with guitarist Justin Trout, performs a moving acoustic set with originals such as "Make Believe," "Show Me," and a special request for "I Hate You." Sarah explains she started out playing piano and performing in over 25 musicals, and then she described how this progressed into her current craft of song writing, singing, and guitar playing. Sarah discusses her release of her latest EP in Oct. 2008 "Nobody Likes a Bully" portraying how she turned her past experiences of feeling vulnerable into heart felt songs. Her EP, which was produced by Dave Cobb (Black Rebel Motorcycle Club, Chris Cornell), is currently available on iTunes. For more information, please visit www.sarahhethcoat.com.
